1. DESCRIPTION

WT Award 2014 is a prize for technological innovation now in its 14th edition. For the event, WT Studio select the international products/projects most relevant for technological innovation, sustainable values, accessibility and contribution to a better quality of life. For the fourteenth consecutive year, WT Studio will select 60 technologies/products/projects for their technological innovation and sustainable value as well as their accessibility and contribution to the improvement of the quality of life. The categories range from vehicles to home appliances from wearable to toys, from eco-friendly materials, to new forms of renewable energy.

WT Award Event is held every year in Milan during Design Week, 8 - 13 April, in collaboration with Province of Milan and Expo2015 sector. One of the most valued and visited events dedicated to international innovation, architecture and design, with six days exhibition at Isimbardi Palace, the prestigious seventeenth century headquarters of the Province of Milan. The location is in the historical city center, near San Babila, heart of main events of Milan Design Week.

WT Event is included in the calendar of Fuori Salone events. WT Award involves every year the most important business groups and includes television and radio; is scheduled a wide communication program with broad media, institutional coverage and significant visibility for the companies involved.

The opening ceremony is chaired by President of the Province of Milan, with the participation of prominent institutional personalities, renowned designers and top managers of relevant companies.
